ACADEMIC RESUME / CV TEMPLATE

HAO RUOWEI | Undergraduate Student | Biomedical Engineering

Shenzhen, China | ruowei1221@gmail.com | ☎ +86 188 3510 1221
Google Scholar: xxx | GitHub: xxx | LinkedIn: xxx | Personal Website: xxx

EDUCATION

Southern University of Science and Technology (SUSTech) — Shenzhen, China
B.S. in [Major] | Expected [Month Year]

- GPA: X.XX / 4.00 | Major GPA: X.XX / 4.00
- Relevant Coursework: [Course 1], [Course 2], [Course 3], [Course 4]
- Academic Honors: [Scholarship / Dean's List / Academic Award], [Year]

[High School / Previous Institution] — [City, Country]
[Degree / Program] | [Year–Year]

RESEARCH INTERESTS

* [Research Area 1]
* [Research Area 2]
* [Research Area 3]
* [Specific Research Topic / Method]

RESEARCH EXPERIENCE

Research Assistant / Undergraduate Researcher

[Laboratory / Research Group / University] — [City, Country]
[Month Year] – Present

Project: "[Project Title]"

* Investigated [research question / scientific problem] using [experimental / computational / theoretical] approaches.
* Conducted [specific experiment / simulation / data analysis] to investigate [specific objective].
* Applied [software / experimental technique / programming language / analytical method] to analyze [data / biological samples / experimental results].
* Collected and processed [X] datasets / samples / experimental measurements.
* Collaborated with [PI / PhD students / undergraduate researchers] on [specific task].
* Presented preliminary findings through [lab meeting / research presentation / poster / report].

Research Assistant / Student Researcher

[Laboratory / Institution] — [City, Country]

[Month Year] – [Month Year]

Project: “[Project Title]”

* Designed and conducted experiments investigating [research topic].
* Developed / implemented [model / algorithm / experimental protocol].
* Analyzed results using [Python / MATLAB / R / ImageJ / COMSOL / etc.].
* Identified [key observation / research finding] and discussed its implications for [research field].
* Contributed to [research report / manuscript / conference presentation].

SELECTED PROJECTS

[Project Name]

[Course Project / Independent Project / Engineering Design Project]
[Month Year] – [Month Year]

* Designed and developed [system / device / model / experiment] to address [problem].
* Utilized [technical methods / software / programming languages].
* Achieved [quantifiable result].
* Responsible for [your specific contribution].

[Project Name]

* Developed [what you developed].
* Used [methods/tools].
* Evaluated [what you evaluated] using [method].
* Obtained [result / outcome].

PUBLICATIONS & PRESENTATIONS

Publications

[Your Name], [Co-author], & [Co-author].
“[Paper Title].” [Journal / Conference Name], [Year].
[DOI / Link]

Status: Published / Accepted / Under Review / Manuscript in Preparation

Conference / Academic Presentations

[Your Name]
“[Presentation Title]”
[Conference / Symposium / Undergraduate Research Forum], [Institution], [Year]

AWARDS & HONORS

* [Award Name], [Organization], [Year]
* [Scholarship Name], [University], [Year]
* [Competition / Academic Award], [Organization], [Year]
* [Honor / Recognition], [Organization], [Year]

TECHNICAL SKILLS

Programming: Python, MATLAB, C/C++, R, [Other]

Data Analysis: NumPy, Pandas, Matplotlib, Origin, SPSS, [Other]

Scientific Software: ImageJ/Fiji, COMSOL, SolidWorks, AutoCAD, [Other]

Laboratory Techniques: [Technique 1], [Technique 2], [Technique 3]

Other: Microsoft Office, LaTeX, Git, [Other]

RELEVANT COURSEWORK

* Calculus / Advanced Mathematics
* Linear Algebra
* Probability and Statistics
* Physics
* Organic Chemistry
* Biochemistry
* Cell Biology
* Molecular Biology
* [Your Relevant Course]
* [Your Relevant Course]

不需要把所有课程都塞进去，只放与你申请的专业/课题组高度相关的课程。

EXTRACURRICULAR & LEADERSHIP EXPERIENCE

[Position] — [Organization]

[University] | [Month Year] – Present

* Organized [event / activity] involving approximately [X] participants.
* Coordinated [team / department] and managed [specific responsibility].
* Developed [project / initiative] to improve [specific outcome].

[Position] — [Organization]

* [Achievement / responsibility]
* [Achievement / responsibility]

VOLUNTEER / CAMPUS EXPERIENCE

[Organization / Program] — [Position]
[Month Year] – [Month Year]

* [Specific responsibility]
* [Specific achievement]

LANGUAGES

* Chinese: Native
* English: [IELTS X.X / TOEFL XXX / CET-6 XXX / Fluent]
* [Other Language]: [Level]

REFERENCES

Prof. [Full Name]
[Position / Department]
[University / Institution]
Email: [email]

Prof. [Full Name]
[Position / Department]
[University / Institution]
Email: [email]

如果对方没有要求，本科生申请课题组通常可以先不放 References，避免占用宝贵版面。

3M

⭐ 如果是你这种“升学 + 科研课题组申请”，我更推荐这样的顺序

如果你的目标是让教授快速看到你的科研潜力，可以把简历调整成：

NAME + CONTACT

↓

EDUCATION

↓

RESEARCH INTERESTS

↓

RESEARCH EXPERIENCE

↓

SELECTED PROJECTS

↓

PUBLICATIONS / PRESENTATIONS

↓

AWARDS & HONORS

↓

TECHNICAL SKILLS

↓

LEADERSHIP / EXTRACURRICULAR EXPERIENCE

这样比普通的：

Education → Campus Activities → Volunteer → Skills

更符合科研导师阅读简历的逻辑。

3️⃣

写科研经历时，尽量不要这样写

❌ Weak

Participated in a research project about cell mechanics.
Learned some experimental techniques.
Helped the professor with experiments.

这种写法最大的问题是：教授看不出来你到底做了什么。

更好的写法

Investigated the viscoelastic properties of cells using [experimental method], with a focus on [specific research question].

Conducted [specific experiment] and analyzed experimental data using Python and ImageJ.

Developed a quantitative analysis pipeline to characterize [specific cellular property] from microscopy images.

核心结构可以记成：

Action + Method + Object + Result

例如：

Analyzed cellular deformation using image-based quantitative analysis to characterize changes in cell mechanical properties.

3️⃣

📌 一个非常适合本科生的 1 页版本

如果你现在主要是找教授 / PI / 课题组，其实可以直接采用下面这个结构：

YOUR NAME
Undergraduate Student | Major | University
Email | Phone | GitHub | Google Scholar
EDUCATION
University
B.S. in XXX | Expected XXX
GPA: X.XX/4.00
Relevant Coursework: XXX, XXX, XXX
RESEARCH INTERESTS
XXX | XXX | XXX | XXX
RESEARCH EXPERIENCE
Research Assistant — XXX Laboratory
University | 202X–Present
• Investigated ...
• Conducted ...
• Analyzed ...
• Collaborated ...
Research Project — XXX
University | 202X
• Designed ...
• Implemented ...
• Evaluated ...
SELECTED PROJECTS
Project Name
• Developed ...
• Utilized ...
• Achieved ...
PUBLICATIONS & PRESENTATIONS
• Author. “Title.” Journal/Conference, Year.
• “Presentation Title.” Conference, Year.
AWARDS & HONORS
• XXX, 202X
• XXX, 202X
TECHNICAL SKILLS
Programming: Python, MATLAB, ...
Research: ...
Software: ...
Languages: Chinese (Native), English (XXX)

排版建议

* 字体： Arial / Calibri / Helvetica / Times New Roman

* 姓名： 18–22 pt
* 一级标题： 11–13 pt，加粗
* 正文： 9.5–11 pt
* 页边距： 1.5–2 cm
* 颜色： 黑色 + 深灰，最多一个非常克制的辅助色
* 不要放： 大头像、身份证照片、花哨图标、年龄、性别、身高、体重、婚姻状况
* 文件名： Ruowei_Hao_Academic_CV.pdf
* 最终优先提交 PDF，避免不同电脑打开后排版变化。

如果是申请教授课题组，我尤其建议把简历控制在 1 页、信息密度高、科研经历占主要篇幅；如果是正式升学申请，则可以扩展到 2 页 Academic CV，加入论文、科研项目、奖项、竞赛、学术活动等。
